

PRODUCT GUIDE 2023

RETAIL AND FOOD SERVICE

Dear Customers.

The pandemic has made Ramar Foods a stronger, more resilient business despite presenting serious challenges to the communities we serve locally, domestically and abroad. Over the past few years, we've invested in our infrastructure and trained our teams to deliver a better service that ensures our authentic Filipino food is always available to you. Thank you for working with us through the uncertainties and trusting us with your partnership.

We believe sustainable, effective growth is purpose-led, which is why we've chosen to adopt Sustainable Development Goals outlined by the United Nations; Zero Hunger, Sustainable Cities, and Responsible Consumption & Production. We believe everyone deserves access to food that nourishes their communities, which is why we're looking for new ways to manufacture healthier food more sustainably and keep waste out of the environment. We're determined to prove that our purpose-led business will continue to deliver growth that is consistent, profitable and responsible for the communities we serve.

We are thankful you choose Ramar Foods, a family-owned business, to support your businesses. Together, we will continue to nourish our communities.

Susie Quesada

President & CEO of Ramar Foods®

OUR Story

54 YEARS AND COUNTING...

In 1969, Ramon and Maria Quesada opened a stall at the San Jose Flea Market, offering goods to Nurture the Community. Fifty years later, Ramar Foods has turned into something they could not have imagined. Navigating the bumps in the road is not easy, but no matter what challenges come our way, we will always strive to make it the best.

Over the years, in the spirit of Continuous Improvement, we have worked to improve all areas of our business, from updating our facilities and investing in our people, to improving our process and ensuring our products are the best. As a family business, our people are regarded as family, and we take pride in creating products that help our customers connect with their families.

Ramar Foods started out Nurturing the Community, and we will continue to do so.

OUR *Mission*

We've taken long strides into creating a business that is environmentally sustainable — Our corporate office in the San Francisco Bay Area is almost completely powered by on-site renewable energies. To date we've offset so much carbon dioxide entering the atmosphere that it's saved over 100,000 trees from being cut down.

OUR SOCIAL MISSION

To shape a legacy of food products that nourish culture and community, while making a positive impact on the environment.

OUR PRODUCT MISSION

To globalize our passion for food and excellent service through innovative products that connect and create value for our community, employees, and partners.

OUR ECONOMIC MISSION

To make, distribute and sell the finest quality frozen products with a continued commitment to incorporating wholesome ingredients and promoting business practices that respect the environment.

ICE CREAM AND NOVELTIES

MAGNOLIA ICE CREAM

It was 1969 when the beach party began -- Ramar Foods® began to innovate the traditional ice cream flavors that long dominated the American market. Our founders set out to not only support Fil-Am communities in the US, but also introduce Filipino flavors for American audiences.

Magnolia® Tropical Ice Cream is one of our original innovations. Magnolia® Ice Cream is made in Northern California since 1972 with genuine California milk and the finest fruit offering a taste of true paradise.

**MEATS, HOTDOG, BARBECUE,
SISIG , DIM SUM AND LUMPIA**

The Magnolia® brand first made its appearance in the Golden State in 1972. As the Filipino community grew in California, so did the need for all Filipino flavors. Due to high demands Ramar Foods® recreated all the Filipinos favorite from tropical ice cream to breakfast meat and snacks.

Magnolia® now offers an arrange of products that covers all your cravings from breakfast, snack, lunch, dinner and desserts. Magnolia® is available in all major Asian markets and select big box stores.

ORIENTEX[®]

BEST LUMPIA EVER

www.orientexlumpia.com

LUMPIA, MEATS, AND WRAPPERS

Carefully rolled since the 70's, Orientex Lumpia has become the lumpia favorite of Filipinos in America. Its comforting flavors have been enjoyed for many years by families at their dining table.

Our Orientex® Meats, though these are traditionally served at breakfast, can be enjoyed at every meal of the day, including merienda (the meal between lunch and dinner – trust us, it's there).

THE SECRET INGREDIENT TO FILIPINO CUISINE

www.manilagold.com

JUICE AND CONCENTRATES

The tangy – sometimes sour, sometimes sweet – flavors of calamansi have been enjoyed in many Filipino households. With the growing population of Filipinos in the United States, Manila Gold brings the flavors of pure calamansi to everyday meals. Its versatility can be used as an ingredient in recipes, juice, or dip.
